Pädiatrische Arbeitsgemeinschaft AIDS e.V.

32nd Annual Conference

Willkommen

Herzlich willkommen in Hannover zur 32. Jahrestagung der Pädiatrischen Arbeitsgemeinschaft AIDS!

Auf unserem diesjährigen Treffen diskutieren wir u.a. die Lebensperspektiven von HIV-positiven Kindern in Ländern, in denen die Programme zur antiretroviralen Therapie drastisch reduziert wurden, die medizinische Betreuung von Geflüchteten, sowie neue Forschungen zu Stoffwechsel und Therapie bei HIV-pos. und HIV-exponierten Kindern.

Da wir eine Reihe ausländischer Gäste haben, würden wir uns sehr freuen, wenn die Beiträge in englischer Sprache vorgetragen werden.

Welcome

A very warm welcome to Hanover for the 32nd Annual Conference of the Paediatric AIDS Working Group!

At this year's meeting, we will be discussing, amongst other things, the life prospects of HIV-positive children in countries where antiretroviral therapy programmes have been drastically cut back, the medical care of refugees, and new research into metabolism and treatment in HIV-positive and HIV-exposed children.

Uli Baumann & the Hanover team

Programme

Friday, 13th of November

02:00 p.m.	**Welcome**
